Conference Focus

The focus of this year's conference is on how the LGBT sector and mainstream agencies can work together to make the principles of diversity, rights and inclusion and effective service delivery a reality at a national and regional level. This conference as an opportunity to explore good-practice in Ireland and beyond and will be a remarkable opportunity to bring key service providers, LGBT organisations and individual together.

The conference will take place in the morning with opportunities to participate in workshops throughout the afternoon.

Further details of speakers, panellists and workshop choices to follow.

Light refreshments and lunch will be served.

For Bookings contact **Sarah** on **021 430 5000** or email info@lgbtdiversity.com.

There is no charge to attend but places are limited.

For more information see www.lgbtdiversity.com or www.teni.ie.

The LGBT Diversity programme is a coordinated response, by local and national organisations which aims to build the capacity of existing services, groups, organisations, and centres that work with Lesbian, Gay, Bisexual and Transgender (LGBT) people, so that they may offer a wide range of high quality supports and services to LGBT people at a local level, in order that they can live more active and healthy lives and are empowered to advocate on their own behalf. TENI's aim is to build the capacity of voluntary and statutory organisations, including the LGBT sector, so that they have the capacity to provide transgender supports and services.
